

AL JABER CULTURAL CENTER, KUWAIT

The **Sheikh Jaber Al Ahmad Cultural Centre** will showcase the performing arts and create a world class theatre quarter in a spacious parkland setting. Together with the Sheikh Abdullah Al Salem Cultural Centre, it will form Kuwait's new national cultural district.

The cultural district will include state-of-the-art theatres, concert halls, cinemas, conference and exhibition halls and a library archive. The four buildings will be accessed from spacious entrance courtyards and will sit like jewels within a larger public park.

The scope of **Roomdimensions Iberica** has included the supply and installation of the CRAE consoles in all the technical environments located in the museum, together with the required ergonomic accessories for complementing the workpost of each operator.

2 & 3 OPERATOR CRAE CONSOLE

The CRAE console perfectly complies with all the technical necessities of the environment, disposing of a great capacity of managing the required infrastructure and of providing a fast and easy access to the same for maintenance purposes.

The design of the **CRAE console range** provides a high added-value to the environment where cutting-edge technical solutions and revolutionary designs have been employed.
